

**The Leading UK
Manufacturer of
Vertical Form Fill
and Seal Packaging
Solutions.**

UK Manufacturing
Since 1984

GIC HIGH CARE CUB

Vertical Form Fill Seal Bagging Machine

Machine Information

Overview

Designed for high care food environment in full stainless steel. Maximum access for clean-down and maintenance, Very compact design, Low cost of ownership, proven robust mechanical and electrical design, High Quality materials used for the most demanding environment, Single phase power supply (240V as standard), Simple to operate Allen Bradley HMI touch-screen.

Applications

The **GIC HIGH CARE CUB** can package a wide variety of products including Sauces for Fresh Meat, Fresh Fruit, Fresh & Frozen Foods, Powders, Liquids and Confectionery.

Integration

The **GIC HIGH CARE CUB** integrates seamlessly with various upstream equipment such as check-weighers, multi-head weighers, augers, pumps, cup fillers and counters.

The GIC HIGH CARE CUB also integrates with all downstream equipment.

Pack Fortmats

Pillow

Gusseted

Leading Technology

The **GIC HIGH CARE CUB** incorporates robust mechanical design with new counter balance system for higher speed application. The machiner is fitted with latest Allen Bradley platform. The result is industry leading reliability and low cost of ownership.

GIC HIGH CARE CUB

Vertical Form Fill Seal Bagging Machine

Standard Features...

- Allen Bradley HMI touch-screen
- Reel run out sensor
- Motorised single belt wrapper feed
- Touch-screen operator interface
- Film feed tracking adjustment
- Pneumatically operated horizontal seal jaws
- "Product in seal" detection

Optional Features...

- Print Registration unit
- Discharge pack elevator
- Overprinters
- Feed systems (dependent on application)

Specification

Maximum Pack Sizes: 150mm W x 250mm L

Maximum Speed: 60 packs per min

Power Supply: 240V single phase 13A

Compressed Air: Free air – 0.27 cubic mtrs/min dependent on speed and application

Finish: Full Stainless Steel

(please note a limited number of components that for technical reasons cannot be manufactured from Stainless Steel.)

Packaging Materials: All suitable heat sealable materials including laminates

Maximum Reel Outer: 330mm

Reel Core Diameter: 76mm

Weight : 550kg
